

## **PREPARE FOR** **INTERVIEW QUESTIONS THAT ADDRESS SOFT SKILLS**

### **Teamwork:**

Describe a project that required input from people at different levels in the organization. How did you handle that?

### **Leadership:**

Tell me about a time that you took the lead on a difficult project and one where you led by example.

### **Handling Conflict:**

How did you handle a team project when you worked with someone difficult or did not agree with how it was handled?

### **Handling Failure:**

How do you view success, failure, and risk in general?

### **Work Ethic:**

Can you provide an example of how “hard” you work and the satisfaction derived from that commitment?

### **Greatest Accomplishment:**

Tell me about a time when you went above and beyond the call of duty and the end result.

### **Working in an intercultural environment:**

Describe a situation that required you to consider a different perspective from your own when exploring an issue. What were the challenges and the result?

### **Company Culture**

From your prior work history, what are 3 attributes of a “company culture” that is the best fit for you and why?
